SENATOR SKARDA: Mr. President, I just want to ask a question of Richendifer. Is there a provision in that bill where are made to people?

SENATOR RICHENDIFER: Yes, Senator Skarda, the village board would determine this by majority vote. If they wanted this on the ballot, if they thought that it was controversial they could put it on the ballot.

SENATOR SKARDA: I don't have any objections to your bill but I am wondering if you are talking about issue and bonds and then go to the people, if you can get the bond issue across at that time or that type of request as far as the people are concerned, I realize what the situation is up there at Pender, Nebraska and I think that is what the intent of your bill is, but I am wondering, and I have serious doubts if you can ever get a bond issue or float a bond without the vote of the people ahead of it.

SENATOR RICHENDIFER: I think that this is....they have got the bond issue Senator Skarda, but the law does not include villages in that to pay off the bond, and this is what I am asking.

PRESIDENT: Are there any objections to the unanimous consent motion to advance LB796 to E & R Initial? I see none, bill is advanced. The next bill 784

CLERK: Read LB784

PRESIDENT: Senator Luedtke.

SENATOR LUEDTKE: Mr. President, I move that LB784, or I ask unanimous consent that it be advanced to E & R for review. This particular bill is the preannual or annual bill dealing with building State Savings and Loan Associations which must be passed every year in order to allow them to comply with the federal rules which change and every year you just or must simply change as you notice in the bill the effective date of the act to bring it up to date to that year so that they can come under the laws of the state of Nebraska organized under the State Savings and Loans and have the same kinds of advantages as the Federal Savings and Loans do. We pass this bill every year and every session, its merely required that the federal or because the federal rules change every year.

PRESIDENT: Any objections to the unanimous consent motion? This is to advance LB784. If not, so advanced.

CLERK: Can I read into the record, some reports? Mr. President, you committee on Enrollment and Review reports that we have examined and reviewed LB646 and find the same correctly engrossed. 771, 873, 888, 888A, 925, 925A and 954 all correctly engrossed. Signed, John Cavanaugh, Chairman. Mr. President, your committee on Government and Military Veterans Affairs to whom was referred LB690 instructs me to report the same is indefinitely postponed 625, General File as amended. 812, General File and 823 General File, signed Senator Chambers.

PRESIDENT: Next bill is 848.

SENATOR CARPENTER: Mr. Chairman, I move that we pass over 848, 919, 926, 656, 757, and 127. That makes the next bill 887.
